Subject: Linco Baxo Group of Companies - Global Refractory Solutions Tailored for You

It is with great pleasure that we introduce **Linco Baxo**, a leading international group specializing in the **manufacturing, engineering, and supply** of high-quality **refractory and insulating products** since 1949.

With a solid industrial heritage and a clear focus on **technical innovation** and **customer satisfaction**, Linco Baxo operates from **four modern integrated facilities** across Italy, supported by a strong global sales and technical network. We proudly serve critical industries including **steel, glass, petrochemicals, aluminium, cement, ceramics, and power generation**, offering affordable tailor-made solutions based on decades of experience.

Our Manufacturing Footprint:

- **Levate (BG)** – Production of **monolithic products**: castables, mouldables, ramming mixes
- **Bondeno/Borgatti (FE)** – Production of **refractory bricks, insulating bricks, and standard shapes** under the MAREF brand
- **Bondeno/Zerbinate (FE)** – Production of **custom-shaped precast components** for glass, ceramics, and other industries
- **Arcene (BG)** – **Processing of raw material**

These plants together enable a production capacity of **over 100,000 tons/year**, supported by more than **250 skilled professionals**. Our product brands—**Linco, Baxo, Sirma, Kero, and Maref**—are recognised globally for their performance and reliability.

Global Presence, Local Expertise:

Our international presence includes **subsidiaries and agents in Europe, Russia, Middle East, North Africa, and South America**, ensuring seamless technical assistance, logistical support, and after-sales service. We are committed to long-term partnerships and have a proven track record of delivering **strategic supply contracts** with industry leaders worldwide.

Our Products:

We offer one of the most comprehensive ranges of refractory materials in the market, including:

- **Monolithic Castables:**
Dense & special, low-cement thixotropic (LICOFESE), self-flowing (KEROFLOW), cement-free (LICODRY)
- **Insulating Castables:**
Medium-weight, light/ultra-light, petrochemical-ASTM (LICOFESE)
- **Service & Repair Mixes:**
Universal service castables and gunning mixes (LINAX, BAXOMIX, KEROFIX, KEROGUN)
- **Ramming & Shotcrete:**
Ramming/fettling mixes (KERORAM) and shotcrete (KEROCRETE)
- **Mortars & Plastic Mouldables:**
Wet/dry mortars and plastic mouldables (LICOTON, BAXOPOL, KEROBOND, LICO-CLAY)
- **Gunning & Spraying (MgO-based):**
Basic-magnesia spray/gunning (KEROGUN M, KEROSEAL)
- **Specialty Products:**
Aluminum-contact mixes (BAXOLINE AL), sliding-gate sands (BAXOQUICK), patching/coatings (KEROPATCH, INJECTMIX)
- **Bricks & Shapes:**
MAREF fireclay, mullite, sillimanite, zircon & high-alumina bricks; ISOM insulating bricks; fused-cast blocks, custom precast, dry-pressed shapes (LICOBLOCK/LICOBLOCK).
- **Ceramic & Metallic Material:**
Heat-resistant textiles, soluble/ceramic fibres, mastics/adhesives (LB FILL/LB STICK), calcium-silicate panels, metallic anchors.

Let's Connect:

We would be delighted to further explore how Linco Baxo can support your refractory needs. Our team is at your disposal to provide product recommendations, site audits, or technical consultations. A senior member of our staff will reach out to you shortly to discuss how we can build a mutually beneficial relationship.

You can also learn more about our facilities and technologies via our **virtual tours** available on [LinkedIn](#) and [YouTube](#).

We warmly welcome you to visit our plants at your convenience to witness first-hand the **quality, scale, and precision** that define our operations.
